## US Risk becomes first office tenant

US Risk (UK) Ltd has become the first business to lease office space at 6 Bevis Marks. The group is set to move its operations (which include Oxford Insurance Brokers and James Hampden International) into their new offices during the summer of 2014. This is the first office letting at 6 Bevis Marks and a strong endorsement from this growing insurance business.

*“US Risk(UK) are excited to have secured space within 6 Bevis Marks. This allows the business to collocate Oxford Insurance Brokers and James Hampden International as part of a corporate restructure in a fabulous new office facility. Moreover, the great location will help attract new employees and the office layout provides the capacity for us to expand the business in accordance with our ambitious plans for growth.”*
